

B-Kleer™ Antimicrobial Wash (OTC Drug)

Regulatory Status

- FDA Monograph: Topical Anti-microbial Drug Products for the OTC Human Use.

Indications

- To promote cleanliness by allowing regular and continuous cleansing without drying the skin.
- To kill germs (E.coli, Pseudomonas, and Staph), which cause infection.
- To kill germs (Propionibacterium), that is prevalent in acne conditions.

Key Features

- Maximum Strength.
- B-Kleer™ is manufactured in accordance with manufacturing practices for DRUGS.
- B-Kleer™ kills 99.99% of harmful germs, including Escherichia coli (E.coli), Pseudomonas, Staphylococcus (Staph); 99.9% P-bacteria (Propionibacterium found in acne) on contact.
- Eliminates bacterial and fungal contamination.
- Broad-spectrum Antimicrobial action, encompassing Gram-Negative, Gram-Positive, Fungi, Yeast and Acid Fast bacteria.
- Benzethonium Chloride disrupts bacterial growth and forces it to destroy itself.
- A water-soluble formulation improves the permeability of agents in the skin. This action causes improve efficacy to kill bacteria within the skin and to remove debris.
- Offers immediate sanitation. No waiting for active ingredients to become effective.
- Non-drying cleanser that leaves no residue or sticky after-effect.
- Alcohol-free product, which offers critical benefits since alcohol-based antiseptic cleansers indicate added risk of potential flammable solution in a wound site.
- Designed for continuous use.
- Perfect for all skin types.

Directions

- Wet hands. Place a small amount into your hands and work in to lather.
- Apply lather on areas to be treated with a gentle, circular motion.
- Rinse clean.
- Use as often as necessary.

Warnings

- External use only. Do not use in eye.
- In case of deep wounds or puncture wounds, consult a physician.
- If irritation develops and persists for more than a few days, discontinue and consult a physician.
- Do not leave on skin for more than one minute without rinsing.

Do not apply directly to any mucous membrane or bodily opening without completely rinsing off.

Product Information – Acne

B-Kleer™ Ultra 8 Skin Solution
B-Kleer™ Ultra 8 Pads

Indications

- To remove oils, fats and other lipids present in oily and acne-prone skin, while it exfoliates surface acne.
- To improve the softness and texture of skin.

Key Features

- Remarkably efficient for deep pore cleansing.
- Concentration of Glycolic Acid is 8%.
- Will help to dry the pores that contain sebum.
- Will cause the skin to exfoliate helping the acne healing process.
- May be used numerous times daily.
- Can be used over Ultra 10 Lightening Gel.
- Do not use an astringent with alcohol when using this product. It may be too drying.
- Must wear sunscreen daily.
- Developed for mild acne, stage 1 or 2.
- Perfect for teenage boys, especially athletes.
- Helps with acne scarring.

Directions

- Cleanse the face with neutral cleansing bar, B-Kleer™ Antiseptic Wash, BP 2.5 or BP 10 Cleansing Lotion.
- Pat dry lightly and wait five minutes.
- Apply Ultra 8 Skin Solution to a cotton ball or pad.
- Wipe pad lightly across all affected areas. Use twice daily.
- Allow to dry for 5 minutes.
- Apply sunscreen daily. Sunscreen should be applied at least 30 minutes prior to getting into sunlight for optimum effect.
- Do not over apply and do not over use.

Warning

- For external use only. Keep out of reach of small children.
- Avoid contact with eyes and mucous membranes.
- You may see a mild acne outbreak in the first few days. This is normal. It is bringing impurities to the surface and beginning to cleanse the pores.
- A mild transient tingling may occur for a few minutes in people with sensitive skin. This is normal.
- If irritation develops and continues, discontinue use.
- Do not use an alcohol based astringent when using this product. It may be too drying.
- STOP USAGE IF PREGNANT OR BREASTFEEDING.
- Do not use if on Accutane® for six months following Accutane® treatments.

Exfoliating Facial Cleanser

Indications

- Creates epidermal resurfacing to remove dead and listless cells.
- Reduces the signs of accelerated aging of the skin caused by sun, tanning and environmental effects.
- Improves the softness and texture of the skin.

Key Features

- Remarkably efficient for deep exfoliation.
- Extremely gentle base, pH neutral
- May be used up three to four times a week.
- Excellent item for improving home maintenance and in between professional treatments.
- Non-aggressive treatment helps diminish the appearance of fine lines and wrinkles.
- Leaves the skin feeling smoother, softer and more radiant.
- Silica and Jojoba Esters combine to exfoliate and polish without being abrasive.
- No aluminum exposure.
- More effective than an enzyme peel and with total control over the product's efficacy. Product is inert so it will not harm the skin, unlike enzymes.
- Minimal irritation compared to Microdermabrasion.
- Red/Pink (non –toxic vegetable dye) to differentiate from the Body Polish and the Professional Polish (back bar).
- Excellent vehicle to slough epithelial cells before applying self-tanner.

Directions

- Apply a modest amount to damp skin.
- Massage lightly in an upward circular motion to each side of the face and neck for up to two minutes.
- Rinse completely with tepid water making certain to remove all traces, pat dry.
- A slight pink skin tone and tingling sensation is possible. This is normal and will dissipate.
- If desired, use a cool moist compress, a cool soothing gel or a skin protectant to calm the skin.
- Always apply sunscreen if going outdoors during daylight hours

Caution

- For external use only. Keep out of reach of small children.
- Avoid contact with eyes and mucous membranes. Remove contact lenses when using this product. Rinse hands thoroughly before putting contacts back in.
- A mild transient tingling may occur for a few minutes in people with sensitive skin. This is normal.
- Do not over apply and do not over use. Do not rub this product into the skin.
- If irritation develops and continues, discontinue use.
- Do not use an alcohol-based astringent when using this product. Do not use Glycolic Acid products, chemical peels, water-soluble Vitamin C (ascorbic acid) or prescription strength Vitamin A (retinoic acid) within 3 hours of using this product.
- Do not apply this product to open or abraded skin.
- Do not apply to moderate or advanced acne that is not under control with medication.
- Do not apply topical medications the night you use this product since they can cause extreme dryness and irritation.
- DO NOT USE THIS PRODUCT FOR 6 MONTHS FOLLOWING TREATMENT WITH ACCUTANE®.

Non-Drying Cleansing Lotion

Indications

- Soap-less cleanser for sensitive, dry and normal skin.

Key Features

- Extremely mild cleansing lotion.
- May be used on most skin types, including mature skin. May be too moisturizing for acne-prone skin.
- Excellent for pre- and post-peel and facial cleansing.
- Can be used with or without water.
- Can remove most makeup, even around the eyes.
- Perfect cleanser to begin AHA / Glycolic program, Similar to Cetaphil® and Purpose®.
- Use to deactivate Glycolic Acid peels (pH 7.0).
- Use for pre- and post-op care for laser treatment.
- Contains no harsh ingredients.

Directions

- Regular daily use.
- Apply a liberal amount to skin surface.
- Massage gently to liquefy and remove dirt and other impurities.
- Rinse thoroughly with tepid water and pat dry.
- Without water: remove gently with tissue.
- Professional Peels: See Peel Protocol under Professional treatments.

Caution

- For external use only.
- Avoid contact with eyes.
- Keep out of reach of small children.
- If irritation develops, discontinue use.
