

Product Information - Moisturizers

**Anti-Aging Boost™ w/Swiss Apple**  
Stem Cell Facial Crème

Indications

- This elegant plant-derived facial crème offers excellent anti-wrinkling effects and combats chronological skin aging by utilizing peptides that restore all aspects of the skin’s structural integrity
- Improves the longevity and health of aging skin cells
- BOOST will offer synergy when used with other anti-aging skincare treatments (Glycolic Acid, Retinol, and prescription strength Vitamin A)

Key Features

- The ability to replace instead of simply repairing damaged skin cells is more of a possibility with the advancement in plant stem cell technology
- Stem-cell rich botanicals are known to inhibit inflammation and combat destructive free radical injury that leads to photo-aging

Directions

- Cleanse face and allow to dry
- Apply your anti-aging treatment (Glycolic Acid, Retinol, prescription Vitamin A) and allow to dry for up to 5 minutes
- Apply Anti-Aging Boost™ thinly and evenly to face and neck areas
- Can be used both day and night
- May be used on all skin types as both a moisturizer and/or and anti-aging product

Caution

- Keep out of reach of small children
- Do not store in an area of high heat or in direct sunlight
- If ingested, please contact your local poison control center
- If irritation occurs please stop use for three (3) days, and then begin again using less product. If irritation persists, discontinue use

Ingredients

Water, Helianthus Annuus (Sunflower) Seed Oil, Glyceryl Stearate SE, Cetearyl Alcohol, Squalane, Ceteareth-20, Malus Domestica Fruit Cell Culture Extract, Glycerin, Polyacrylamide, Sodium PCA, Sodium Hyaluronate, Arnica Montana Flower Extract, Humulus Lupulus (Hops) Extract, Equisetum Hyemale Extract, Pinus Strobus Cone Extract, Citrus Limon (Lemon Bioflavonoids) Peel Extract, Rosmarinus Officinalis (Rosemary) Extract, Cyclopentasiloxane, C13-14 Isoparaffin, Cyclotetrasiloxane, Laureth-7, Cetyl Esters Wax, Cetyl Alcohol, PEG-7 Glyceryl Cocoate, Polysorbate 20, Dimethiconol, Lecithin, Propylene Glycol, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol, Triethanolamine, Xanthan Gum, Carbomer

## Polypeptide Crème

### Indications

- To improve moisture levels in the skin.
- To thicken the skin and improve its firmness and elasticity.
- To smooth the texture of the skin.

### Key Features

- The most stable form of Vitamin A that exists and is essential to epidermal cell growth.
- Improves skin elasticity while thickening the epidermis.
- Reverses sun damage.
- Light and easy-to-wear, works well under makeup. May be used on sensitive skin.
- Can use with Glycolic Acid and topical antioxidants.
- 2% Retinyl Palmitate Polypeptide (Vitamin A USP) is pharmaceutical grade.

Retinyl Palmitate Polypeptide is an ester. An ester is a product that is neutralized with an organic base. This form is the most stable type of Vitamin A. It delivers Vitamin A as a water dispersible molecule enabling it to penetrate the skin.

### Directions

- Start at bedtime. Shake well. Apply thinly and evenly.
- Begin with one drop for each side of the face and neck, once a day. Do not rub into skin.
- After two to four weeks, you may begin to apply twice a day. If you are using Glycolic Acid, use Glycolic during the day and use Vitamin A at bedtime 2-4 weeks before using during the day.
- Always add a UVA/UVB Broad-spectrum sunscreen during the day when going outdoors.
- Can be utilized by itself. When working with other anti-aging components, i.e., Glycolic Acid and Vitamin C Antioxidants, the best time to use Vitamin A is after your Antioxidant Vitamin C, followed by either Glycolic Acid or Vitamin A, and then your moisturizer or sunscreen.

### Caution

- External use only. Avoid direct contact with the eyes.
- Keep out of reach of small children.
- If irritation lasts for more than two days, discontinue use.

Sizes	Item	Bottle	pH	Shelf Life
1.0 oz/29.6 ml	92101	Lucite Pump	5.5-6.5	18 months

CATEGORY: Antioxidants & Vitamins		PRODUCT: Polypeptide Crème				
Skin Type	Sensitive	Dry/Mature	Normal	Combination	Oily	Acne
	✓	✓	✓	✓	✓	✓
Face & Neck	Apply two pea size drops, one for the face & one for the neck. Once daily will last 120 days for 1.0 oz bottle.					

### Ingredients

Purified Water, Cyclomethicone, Caprylic/Capric Triglyceride, Glycerin, C12-15 Alkyl Octanoate, Retinyl Palmitate Polypeptide, Squalane (from olives), Shea Butter, Cetyl Alcohol, Cholesterol, PEG-40 Stearate, PEG-20 Methyl Glucose Sesquiterate, Methyl Glucose Sesquiterate, Sorbitan Stearate, Carbomer, Diazolidinyl Urea, Triethanolamine, Fragrance, Methylparaben, Propylparaben, Tetrasodium EDTA, DMDM Hydantoin, Iodopropynyl Butylcarbamate, Simethicone, and BHT.

### Clinical Studies

- A study conducted with Retinyl Palmitate Polypeptide has shown significant areas of significant improvement. A significant increase in Keratinization was also observed.

Area	% Increase
Protein	+ 32%
Collagen	+ 128%
Skin Elasticity	+ 14.4%
Improvement Rate	+ 22.6% at 2 and 4 weeks vs. placebo

## Hyaluronic Acid Lotion

### Hyaluronic Acid (HA)

HA is key in keeping the skin and connective tissue moist. It is extra cellular-base which commonly associates with proteins, i.e., collagen and elastin for form proteins or proteoglycans.

The main functions of HA are to

- Regulate the water and lipid content in connective tissue.
- Restrict the conversion of soluble collagen to insoluble collagen.
- Provide nutrients and remove waste from cells that do not have direct blood flow, such as connective tissue.
- It also supports the structural integrity of the extracellular matrix which includes glycosaminoglycans, collagen and elastin.

### Indications

- To fight the free radical damage that occurs in the skin and causes the accelerated aging of the skin.
- To replenish essential antioxidants, include Super Oxide Dismutase, and other key components that are destroyed by UV radiation.
- To revitalize the skin by adding nutrients lost during aggressive anti-aging skincare treatments.

### Key Features

- Formulated for all skin types.
- Aids in the healing of damaged skin.
- Delivers key essential nutrients into the dermis where they can do the most good.
- Enhanced with TRF, Hyaluronic Acid, and Super Oxide Dismutase.
- Improves the skin for a more youthful, radiant complexion.
- Ideal for use following any/overly aggressive anti-aging skin care treatments that leaves your skin dry, chafed, flaking, and irritated. In many of these procedures, you are removing the Stratum Corneum and don't even know it.
- Advanced biotechnology formula.
- Designed specifically for the face and delicate eye and neck areas.
- Light, grease-less and elegant.
- Dries quickly.

### Directions

- Cleanse the skin.
- Apply a drop to each side of the face.
- May also be applied to the neck and décolleté areas.
- Use once daily.

### Caution

- External use only. Keep away from children.
- If irritation develops, discontinue use for 3 days and try again, use less product. If irritation persists, discontinue use and consult a dermatologist to determine the cause.
